1916

William P. Stark Nurseries Stark City, Missouri

Prices.—These prices are based on selling to you direct from the Nursery. We have no agents or canvassers, and save you all salesmen's commissions, salaries and expenses, on the highest quality trees grown.

Rates.—Prices are given at the each, 10, 100 and 1,000 rates. Trees are tied in bundles of 10. 1,000 trees or more take the 1,000 rate (as 1,000 apple, 1,000 cherry, etc.). 100 trees or more take the 100 rate (as 100 apple, 100 peach, etc.). 10 rate takes 10 or more of a variety. The each rate takes less than 10 of a variety.

Doubly Guaranteed.—Every precaution is taken to have each tree or plant true to label. If from any fault of ours a tree or plant is not true to name, we will, on proper proof, either (1) replace double the number, or (2) refund the price paid, plus 6% compound interest, and also replace the actual number of trees free of charge.

How to Send Money.—You can send money by Post Office Money Order, Express Money Order, bank draft or cash by registered letter, or by personal check on your own bank. Remittance should be made when order is sent. However, you can have trees reserved for fall or spring shipment, and pay for them any time before delivery.

Important.—Address all mail to Stark City, Missouri. Don't be misled by fakirs claiming to be our agents. Buy direct at growers' prices.

William P. Stark Nurseries

Stark City You can't forget our address—the town is named after our Nurseries **Missouri**

Apple Trees

Our 3 to 4 ft. one-year apple trees are heavier, stockier and better caliper than the average run of 3 to 5 ft. trees. The 4 to 6 ft. one year is a special size which we are able to offer due to an unusually favorable growing season; this gives you extra value without added cost.

All of our two-year-old apple trees are extra heavy in all sizes, with unusually well developed, wide-spreading root systems, well branched and well balanced. They have the true William P. Stark quality, famous among fruit-growers everywhere.

CAUTION.—Beware of fraudulent trees. You can get genuine J. H. Hale Peach trees only from William P. Stark Nurseries, Stark City, Mo. Be on your guard against imposters and imitators offering so-called "J. H. Hale Peach Trees" or an old variety of no commercial value known as "Hale's Early."

All genuine J. H. Hale trees bear trade-marked wooden tag with Mr. Hale's autographic signature, shown below. For your protection, refuse trees without it.

BE SURE OF THE GENUINE.

Look for Mr. Hale's personal autographic signature on this tag.

Strawberry Plants

Varieties marked "S" are "staminates" and have perfect blooms. Those marked "P" are "pistillates" and have imperfect blooms. Staminate varieties can be planted alone, but pistillate varieties should be planted near staminate varieties to get thorough cross-pollination.
